

LUCY GATES' PRODUCTION OF GOUNOD'S
"FAUST" AT THE ORPHEUM TONIGHT

Supporting Miss Gates are Jack Summerhays, tenor, as Faust, Hugh Dougall, baritone, as Valentine; Willard Andelin, as Mephistopheles; Miss Evangeline Thomas, contralto, as Martha; Miss Florence Summerhays, soprano, as Siebel. The chorus is composed of excellent talent throughout. Stage properties and special new scenery, which have been prepared for the production, are unusually complete. The orchestra, under B. Cecil Gates, is in full array and climbing to its best efforts. It is anticipated that the charming Marguerite will be the magnificent center of every detail of the performance that can be elevated to a plane above the highest hopes of the public. She holds the reins—and it is known in Ogden that Lucy Gates obtains her ideals to the entire satisfaction of her followers, though she is never heard to admit that she could not go forward. Ogden is awaiting with interest and enthusiasm her appearance tonight in this most popular of operas.

NEW YORK PILES
UP TESTIMONY

Medical Experts Come Before
Court and Swear to Condi-
tion of Stomach of John
E. Peck.

New York, May 23.—The state continued to pile up medical testimony today as the foundation of its case against Dr. Arthur Warren Waite, charged with murdering his father-in-law, John E. Peck of Grand Rapids, Mich.

Dr. Albertus A. Moore, the physician who attended Mr. Peck before his death at the Waite's apartment in New York yesterday testified that Dr. Waite admitted he had purchased arsenic for his aged father-in-law. The reason gave, according to the witness, was the old gentleman did not want to live.

In his opening address, District Attorney Swann declared that Waite hastened his victim's last moments by applying to his nostrils a handkerchief soaked with chloroform.

Dr. Victor C. Vaughn, dean of the medical department of the University of Michigan at Ann Arbor, who made an analysis of the organs of Mr. Peck, was the first witness today. He described in minute detail the effects of the arsenic. Waite sat with bowed head. His paleness betrayed his nervous tension when glass jars containing the organs of John E. Peck's body were produced.

Arsenic Found in Stomach.

Dr. Vaughn swore he found two and a half grains of arsenic in Mr. Peck's stomach and amounts of it too small to weigh in other organs.

Dr. Stanley R. Benedict, professor of chemistry at the Cornell medical school who was next called, corroborated the testimony of Dr. Vaughn.

Mrs. Waite, wife of the accused was not in the court room at the opening but was expected to be called soon to testify against her husband.

Mrs. Dorothy Van Palmenberg, friend of Mrs. Margaret Horton, with whom Waite shared a studio arrived early. She was expected to testify for the state.

Dr. Benedict added that in examining a part of the brain of the dead man he found an unmistakable trace of chloroform. Later he examined the embalming fluid used but found no trace of chloroform or arsenic.

READING IS WALL
STREET SENSATION

New York, May 23.—Reading was again the sensational feature of the stock exchange today, advancing in the first few minutes to 110 3/4 a point over its previous best price. From its new high price Reading fell back to 109 3/8, recovered to above 110 and again reacted to 109 3/8, a fraction under yesterday's close.

Other standard rails were taken up, particularly Union Pacific, Southern Pacific, St. Paul, New York, Baltimore and Ohio and Atchafalpa, at gains of 1 to almost two points, the Harriman leading.

Floorwalker," Alhambra.

WOULD BUILD HUGE
ATHLETIC STADIUM

Rep. George Henry Hulbert.

George Henry Hulbert, Democratic congressman from New York now serving his first term, is putting all his energies behind a bill for the erection at Washington of a huge athletic stadium where might be staged the Olympic games in 1920.

BANDIT LEADER
KILLED IN RAID

Three Touring Cars From
Pershing's Camp Make Fast
Run to Ranch of Colonel
Cardenas.

TAKE TWO LIEUTENANTS

Mexican Officers Make Dash
For Gate But Are Surround-
ed and Quick Fight
Brings Results.

Field Headquarters, May 18, via Motor Truck Columbus, N. M., May 23.—Automobiles were put to a new military use in the Villa campaign on May 14 when the bandit leader Colonel Cardenas was killed with two of his lieutenants.

Three touring cars from General J. J. Pershing's camp started about mid-day for Rancho San Miguel de Rubio, a short run across the mountains, the residence of the Cardenas family, and the scene of some pot shooting occasionally at American troops. The Cardenas family, all women and children, had remained unmolested notwithstanding positive information to the American staff that the bandit frequently used his ranch for a rendezvous.

Until this Sunday's automobile raid, it has been customary to employ cavalry on night raids after bandits on ranches. The cavalry would surround the ranch just before dawn on these searches.

Autos Race Across Mountains.

The automobiles, with an order to buy corn as the ostensible purpose, made a fast run over mountain foothills to the ranch. Lieutenant George S. Patton, Jr., of San Francisco, a member of General Pershing's staff, commanded the machines. Within a mile of the ranch the cars topped a hill, from which, for the first time, they were visible to the occupants of the ranch, which would have been impossible for cavalry. Running nearly sixty miles an hour, they were within less than 200 yards of the buildings before their presence was discovered.

A Mexican working in the yard gave the warning but it was too late. By the time Cardenas and his two men could get on their horses and dash for the ranch gate, the Americans had surrounded the place.

Cardenas was the first man to emerge from shelter. He and Lieutenant Patton engaged in a pistol duel in which a shot from Patton's weapon broke the bandit's arm and drove him back into the ranch house, later to be finished by the American soldiers when he tried to escape.

MEXICANS PUT YANKEE OUT OF ACTION

Corporal Richard Tannous.

Corporal Richard Tannous of the 13th cavalry was wounded in the fight at Parral. With a squad of men Tannous was passing unobtrusively through the Mexican town when a volley of shots fired by Mexicans passed them. The Americans beat a hasty retreat, but the firing continued and Tannous was shot through the arm.

CROP DISASTER
HURTS RUSSIA

All Winter Fields Nipped by
Severe Frost—Ground
Must Be Replanted.

Berlin, May 23, by wireless to Sayville.—A crop disaster in Russian is reported in advices received from Stockholm by the Overseas News Agency. It is said all the winter crops of the northern and middle governments of Russia have been destroyed by a severe frost.

In the Volga district and in the governments of Kazan and Samara in southern Russian where the crops were well advanced owing to the early spring they are said to have been frozen. The Russian government, according to this report, is deliberating whether to have the ground immediately plowed up and replanted. These advices also state that there is a lack of coffee in Russia as supplies to the value of six million rubles are being detained in Sweden. It is reported the Finland senate has prohibited the exportation of milk into Russia.

Hungarian Crops Short.

Rome May 25, 11 a. m.—The International Institute of Agriculture reports that the winter crops of Hungary are short in acreage and have been damaged seriously by the severe weather.

The present report indicates that Italy's wheat acreage is 5.9 per cent under that of last year; British India 17.5 below that of last year and the United States 21.4, for winter wheat.

Billie Burke and Kitty Gordon, double feature, Alhambra tomorrow.

WORLD'S MARKETS

New York, May 23.—Reading continued its spectacular movement to higher levels on the resumption of trading today, opening with a block of 6000 shares at 110 1/2 to 110 1/4 against the previous record price of 109 3/4 made on the preceding day, then making a further gain at 110 3/4. From this price it fell back over point but soon rallied. There were heavy dealings also in Union Pacific, St. Paul, Wabash issues, United States Steel and some of the war shares, all at variable gains. Mercantile Marine preferred, Baldwin locomotive, Mexican Petroleum and Industrial Alcohol reflected the heaviness of special stocks.

The broad advance of the first hour which embraced all prominent rails invited heavy profit taking with reactions of 1 to 2 points. Reading fell back to 108 5/8 and became relatively inactive. Mexicans strengthened materially later, with a rise of two points for American Smelting. New high records were made by Chandler Motors and Underwood Typewriter at par and 108 respectively. United States Steel continued backward and the munitions group was exceedingly irregular. Bonds were firm.

Reading suffered a further reversal to 107 5/8 in the afternoon but the balance of the railway list was only moderately affected, while specialties moved higher. General Motors was conspicuous for its thirty point rise to 490.

Chicago Grain

Chicago, May 23.—Lower quotations from Liverpool with favorable weather in this country brought about

fresh declines today in the wheat market here. Bears attributed the weakness at Liverpool in part at least to the change in underwriters' rates indicating better peace prospects. A substantial increase of the European visible supply tended also to handicap the bulls. Opening prices, which ranged from 1-8/14 to 1-3/4c lower with July at \$1.05 to 1.08 3/8 and September at \$1.08 1/2 to 1.08 7/8, were followed by rallies but then additional declines.

Illinois reports, that replanting to a considerable extent had been found necessary, made the corn market relatively firm. At the outset, however, the chief influence was the bearish action of wheat. After opening 1-4 to 3-4c lower, prices gradually recovered.

Good crop advices kept the oats market easy. There was free selling both of near and deferred deliveries. Weakness of the hog market depressed provisions. The main buying was on the part of shorts.

Chicago Hog Market.

Chicago, May 23.—Hogs—Receipts 15,000; weak, mostly 5c under yesterday's average. Bulk, \$9.75@9.90; light, \$9.35@9.90; mixed, \$9.55@10.00; heavy, \$9.45@10.00; rough, \$9.45@9.60; pigs, \$7.40@9.35.

Chicago Livestock.

Omaha, Neb., May 23.—Hogs—Receipts 12,000; lower. Heavy, \$9.50@9.70; light, \$9.40@9.55; pigs, \$8.00@9.00; bulk of sales, \$9.45@9.50.

Cattle—Receipts 4,000; strong. Native steers, \$8.00@10.00; cows and heifers, \$7.00@9.00; western steers, \$7.50@9.00; Texas steers, \$7.00@8.75; stockers and feeders, \$7.00@8.75.

Sheep—Receipts 4,200; steady. Yearlings, \$9.00@11.00; wethers, \$8.25@9.75; lambs, \$10.00@12.00.

UTAH STOCKS

Summary of the Local Market.

May 23.—Prices in mining stocks strengthened up this morning in most issues. Alta Con. was in demand at 56 cents. Emma Copper sold up as high as 64 cents. Daly Judge was in demand at \$3.00. New Quincy was steady around 41 cents. Sells advanced to 50 cents and closed with that price bid for it. American Con., Copper, Michigan-Utah, Silver Shield, Tintic Standard, West Toledo were weaker.

Among the industrial stocks Consolidated Wagon is showing the greatest strength, \$106.00 bid and no stock offered.

Quotations furnished over the private wire of J. A. Hogle & Co. Brokers, 2438 Washington avenue.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.
